# Investment Opportunity

We are offering this investment opportunity only to our friends and family. Since this information is not public information, this investment opportunity is not available to everyone, so consider yourself a very lucky person because 260 lucky shareholders have already invested Millions of Dollars in this project.

Remember you are not just investing to make huge profit on your investment, You are also investing to develop Gold and Copper resources of Pakistan to create jobs for Pakistanis and Canadians.

# What is the Offer?

This is a Pre IPO ( Initial Public Offering ) golden opportunity for all our shareholders, right now we are offering five cents \$0.05 per share to raise Three Million Dollars.

## What is the minimum investment size under the Offer?

Applications under the Offer must be for a minimum of \$10,000 worth of Shares. You may invest within the range of \$10,000 (minimum) to one Million Dollars (maximum) per person.

## A golden opportunity.... the time is right!

There is unlimited potential in this investment. It might help you to gauge the potential by the mere fact that Reko Diq company was bought at \$2.66 in 2006 at a total price of \$266 Million Dollars. Their investors earned the profit seven to twenty-six times their investment. Hence, Sixteen years later, we expect lot better price in 2024.

Otherwise, the company will go public on Toronto Stock Exchange or we will be bought out by one of the major company like Barrick Gold or may create a bidding war between many major companies to buy Everest Gold Inc and then it will be sold to the highest bidder, of course after approval from all the shareholders of Everest Gold Inc.

# How do I apply for Shares under the Offer?

*Applications for Shares under the Offer must be made by completing the Application Form attached with the instructions set out in the Application Form.*

## Exploration and Operation

It may be of interest to note that earlier on, the Geological Survey of Pakistan (GSP) had discovered 650mmt Copper by drilling three (3) drill holes in our Licensed area which is worth \$130 Million dollars plus Everest has spent twelve million dollars in exploration of Dasht e Kain and Kabul koh. We have already completed the Ni 43-101 certification when two Canadian Independent Certified Geologists certify that all exploration work done by the Everest Gold Inc is correct and certified according to Canadian mining standard. This certification allows Everest Gold Inc to become publicly trading company anytime.

We are planning to take Everest public in 2024, after drilling five more drill holes in Dasht e kain which will increase the value of our company tremendously, so get involved, and invest heavily and earn a huge profit.
